

# Interstate 8 and Henness Road Traffic Interchange Project

## New Interchange on Interstate 8

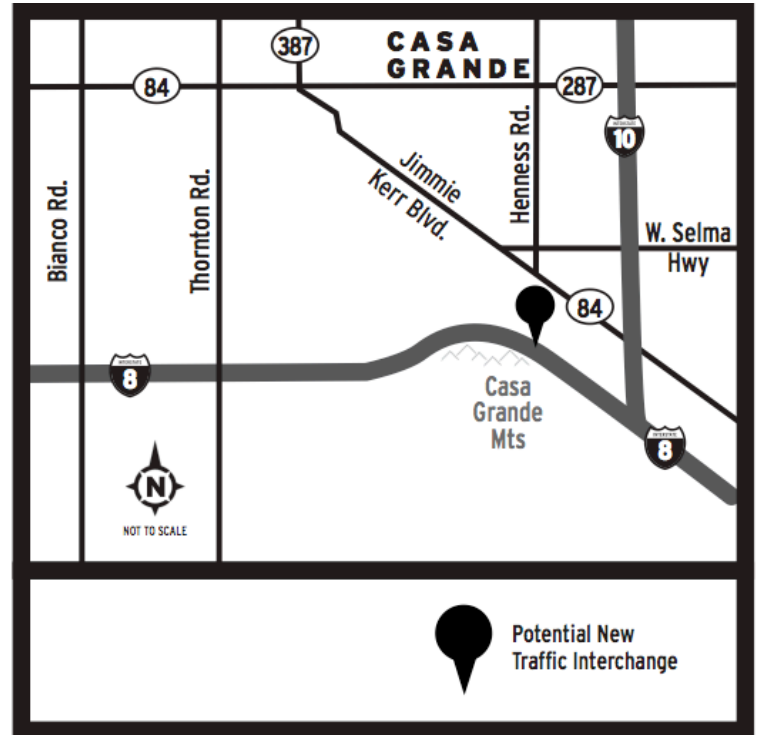

The Arizona Department of Transportation (ADOT) is proposing a new traffic interchange on I-8, approximately one mile west of Interstate 10.

### Project Overview

Numerous commercial and residential developments are planned for the area, and over time, growth rates for the City of Casa Grande are expected to continue to increase. The proposed traffic interchange, which is currently along the alignment of Henness Road, will provide improved local access to areas north and south of I-8 while minimizing congestion and disruptions to traffic at the existing I-8 interchanges at Thornton and Blanco roads. The project is being administered by ADOT. The planning is being funded privately, as would be the design and construction of the project.

In addition to the design of the potential new traffic interchange, other project activities may include:

- The relocation of existing utilities
- Construction or extension of drainage features
- Construction of entrance and exit ramps
- Other improvements that may be identified by the roadway design team

### Project Schedule

- Currently in design phase
- A public meeting is scheduled to be held on Thursday, May 20, 2010
  - City of Casa Grande Council Chambers, 510 E. Florence Blvd., Casa Grande, AZ 85122
  - 5:30 to 7 p.m.
  - Learn about the project progress to date, the proposed traffic interchange, next steps and project schedule
  - Maps and displays will be available for review
  - Team members will be available to discuss questions or concerns
- Construction is currently estimated to begin in January 2012
  - Anticipated to last approximately nine months
